Travel insurance is highly recommended; applications are available upon request.

## Dive, Relax, Dine, Sleep, Repeat...Liveaboard Diving

The Northeastern Caribbean is an intriguing area offering a blend of Dutch, British, French and native cultures on some of the most scenic islands of the Caribbean Sea. Saba Island is nicknamed the "Unspoiled Queen" and it is truly a remarkable place to visit. The marine park is situated around the entire island of Saba and has been completely protected for the last 30 years. As the marine environment was protected before diving became popular in Saba, the result is unspoiled coral life and an environment abundant with fish life. You can expect to see a wide variety of reef fish and pelagics such as schools of blue tangs, goatfish, parrotfish, large Nassau groupers, horse-eye jacks, turtles, and of course a variety of sharks.

**Plan on flying into St Maarten and boarding the boat around 3pm on Saturday.** Each stateroom has a private bathroom and most have queen beds. The vessel features a roomy salon, dining area, sun deck, gear lockers and photo/video area. Sunday through Friday will be diving, diving and more diving! We will also be exploring the islands of Saba and St. Kitts on optional land tours. **Our departure will be from St. Kitts anytime after leaving the vessel at 9am.**

The variety of the topography and types of sites that we will visit will be sure to amaze you!
